Feb. 14, 1910

Dear Grandma

I got the mittens  
and they just exactly  
fit. We got the  
Valentines and we  
think they are very  
nice. I made some  
of that kind of  
Taffy that you  
made when we

were there & it  
was just right only  
I burnt a blister  
on my finger when  
I made it. But I did  
not think that it  
made as much as  
yours. Did you use  
two or one cup of sugar?

There was a little  
girl here that asked  
me if you still sold  
Pulver's supporters  
& Mamma gave her  
the address to the  
Co. so she could sent

for them herself.  
June got 12 valentines  
at school & I got nine  
she always gets more  
than I do. I have been  
sick for two or three  
days but I am better  
now the doctor said  
it was a stroke of  
Tonsillitis. I guess  
I will quit for  
today

Sooby  
Eula.
